

Repair Cafe Rules

- We encourage attendees to do the repair themselves under the guidance of the volunteer expert.
- Neither the volunteer fixers nor the event organizers can be held liable for losses resulting from the repair, any advice given or any other losses as a result of the work performed at the event.
- The volunteers do not guarantee that they will be able to fix your item and aren't obligated to reassemble items that can't be fixed.
- Volunteers can refuse to work on an item for any reason. Examples include the item being unsafe, unclean, out of their skill set, too large or heavy or no parts available.
- Attendees must take all items, fixed and unfixed, with them when they leave.
- Depending on how busy the event is, attendees will have a maximum of one item looked at. If there isn't another attendee waiting, the volunteer can choose to look at multiple items.
- We appreciate donations to help cover the cost of supplies and volunteer refreshments.
